

Friday Notes
from
MSSTATE Poultry Science

Friday Notes - to keep you informed about noteworthy news from Poultry Science at Mississippi State....and let us hear from you as well!

Departmental Notes:

- **The new Poultry Science Department website** (<http://www.poultry.msstate.edu/index.asp>) went live this week! There will continue to be edits as we discover better ways of presenting information, and if you notice something you think could be better, please let us know!
- **The Poultry Club** cooked chicken and catered the CALS/MAFES Awards Luncheon, Bost Extension Center, Wednesday, March 20.

Faculty and Staff Travel and Activities:

- **Dr. Tabler** visited several Sanderson farms in McComb, MS, to check chick health, March 15.
- **Dr. Tabler** visited Koch Foods in Carthage, MS, to test LED lights, March 20.
- **Dr. Beck** attended the Midwest Poultry Federation annual meeting in St. Paul, MN, March 12-15.
- **Jessica Wells** staffed an educational booth with baby chicks at the Starkville Area Arts Council's "Everything Garden Expo," March 22-23.

Recent Publication:

- K.N. Eberle, J.D. Davis, J.P. Purswell, **H.M. Parker, C.D. McDaniel and A.S. Kiess**, 2013. Prevalence of *Campylobacter* in New Broiler Houses, a One Year Study of Newly Constructed Broiler Houses for the Prevalence of *Campylobacter*. Intl. J. Poultry Sci. 12: 29-36
